

We have heard a lot from our wonderful volunteers that they would like to help us even more than they already do. Read on to find out what some areas are where MyBigCareer could benefit from your skills and experience.

### *\*\*\*POSSIBLE FUNDING OPPORTUNITIES*

We are always looking for more funding opportunities; any amount we receive goes a long way! If you think this is an opportunity that could suit your employer, we would love to be introduced and start the conversation, **so please contact either [tom@mybigcareer.org](mailto:tom@mybigcareer.org) or [sophie@mybigcareer.org](mailto:sophie@mybigcareer.org).**

Additionally we would be really grateful if you could mention us on our social media platforms whenever you volunteer with us. You can find our various social media platforms below:

LinkedIn: [MyBigCareer](#)

Twitter: [@MyBigCareer](#)

Instagram: [@mybigcareer](#)

**If you are interested in any of the below pro bono opportunities then please contact us on [volunteering@mybigcareer.org](mailto:volunteering@mybigcareer.org)** and we can discuss the role in more detail, including commitment required:

### **Research**

If you have skills or experience in research we are always looking for extra help in this area. There are a number of ways that this can help us; identifying new geographical areas that MBC should be working in, researching the most up to date research of why MBC is needed, looking into potential funding opportunities to sustain and enable the growth of MBC.

### **Graphic Design**

If you have graphic design skills and have a keen eye for making materials look as professional as possible, there are a variety of projects that we would appreciate some support on. These include finalising our impact reporting, volunteer resources and packs for schools. We will provide you with various brand assets and guidelines to create designs from.

### **Content Writing**

Are you a dab hand at creating content? If so, we need your help. We are in the process of updating our website and we need some extra support to write all the content involved.

### **Social Media**

Our social media is really important to us and we are currently trying to develop our platform and ways to maintain our presence. We are currently active on X and LinkedIn, but open to being more present on other platforms. If you have skills or experience with social media and can help support us with this, we would be very grateful.

### **Fancy hosting a fundraiser for MyBigCareer?**

Fancy getting together with friends and family to fundraise for MyBigCareer? Coffee Mornings, Bake Sales, Auctions and Treasure Hunts are just some of the ways you can bring people together to raise money for MyBigCareer. We are always looking for more funding opportunities and any amount of money makes a huge difference to our young people!

### ***TO COME IN AUTUMN 2024 - Receive support from a MyBigCareer Volunteer Champion***

If you are a volunteer that has recently joined us, or you would just like some extra guidance/support and would appreciate a little extra support while you get to grips with the volunteering role, this could be the opportunity for you. We would look to match you with one of our awesome volunteers that has lots of experience with our career coaching sessions, and would be happy to help other volunteers. This could be training, induction, supporting you, or sharing best practice.

### ***TO COME IN AUTUMN 2024 - Careers Talks/Volunteer Ambassadors***

Please note that this opportunity will be a pilot project and it may take time to take off, as it depends on the number of schools interested in having speakers and/or MyBigCareer representatives. There is no guarantee that you will be taking part in this opportunity but we are currently gauging interest. This is an opportunity to represent MyBigCareer in person if any local schools ask for speakers at their schools, or even to represent MyBigCareer on a stall at a Careers Fair for businesses.
